Dear Jim:

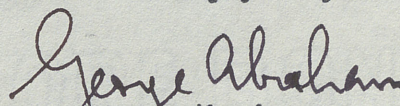

As I promised when you called Thursday evening, I am enclosing a copy of the September IRE Student Quarterly which contains Bill Malone's article.

I was glad to have the opportunity to discuss with you among other matters the current actions by the FCC relative to its Docket 9288 and the forthcoming campus carrier current rules. We will be interested in your comments when a notice of proposed rule making is issued presumably within the next several months by the Commission.

I plan to pass along to Charles Quigley of our FM division your account of the problems and current interest relative to FM for Yale.

If we can be of any assistance in the future, please feel free to call on us.

Sincerely yours,

George Abraham
President
